NATIONAL HUMAN CAPITAL CONFERENCE & EXHIBITION

NAVIGATING HUMAN CAPITAL REVOLUTION

6 - 8 OCTOBER 2025

MALAYSIA INTERNATIONAL TRADE AND EXHIBITION CENTRE (MITEC)

THE NHCCE EXPERIENCE

About NHCCE

Every year for the last two decades, the HRD Corp flagship conference has been one of the most anticipated events for HR and corporate professionals. The event was first introduced as the HRDF Conference & Exhibition and is the platform for industry discourse on a wide range of topics in the human resources management field.

As HRD Corp rebranded to reflect its new direction, the conference followed suit with a newer, fresher look – it was renamed the **National Human Capital Conference & Exhibition**, also known as NHCCE. With a broader scope to cover the entire human capital and business development spectrum, NHCCE sets ablaze a new era of insights and innovation.

Listen and learn from renowned business and HR experts.

Network and engage with industry captains, business leaders, analysts, and subject matter experts.

Shape and nurture a future-ready and globally-competitive workforce.

NHCCE 2024 IN NUMBERS

NHCCE IS FOR...

THEME OVERVIEW

Navigating Human Capital Revolution

In recent years, the workforce and economic sectors have undergone unprecedented changes – driving an all-time high demand for the human capital landscape to **adapt, innovate and thrive while staying competitive**. Rapid technological advancements, shifting demographics and emerging socioeconomic factors are challenging organisations globally in ways that demand a skilled and future-ready workforce.

These critical issues take centre stage at NHCCE 2025 where we steer the discourse towards **‘Navigating Human Capital Revolution’**. The conference will reflect on the challenges and explore various tactical transformative workforce development strategies, urging a call to action for a brighter and better future across ASEAN and beyond.

- **Bridging skills gaps** to meet the demands of the digital economy.
- **Championing inclusivity and diversity** to unlock untapped potential.
- **Advancing green skills and sustainability** for a more eco-conscious future.
- **Strengthening regional partnerships** to enhance talent mobility and workforce resilience.
- **Fostering innovative collaborations** to align workforce capabilities with emerging industry needs.

In 2025, we embark on the journey of the ASEAN Year of Skills (AYOS), as Malaysia plays host as the ASEAN Chair for the year. The initiative aims to equip ASEAN Member States with a resilient, adaptable and skilled workforce.

NHCCE 2025 will address issues close to the ASEAN heart to help the region prepare for the rapidly changing job landscape, with an emphasis on addressing skills gaps, promoting workforce mobility, and fostering regional collaboration.
